That is the most beautiful hand poured bar I've ever seen. I have done some welding in my day, and it looks like that bar was welded by the hand of the Apollo himself. It is amazing, please take all my money and my upboats too. \*\*Edit: SO Proud, its Canadian too 'eh. 5th From the top of the chart

Don't get too proud, there's a few Canadian 10 ounce bars that are wanting in the beauty department! I would have gone with Hephaestus - but it sure is pretty, isn't it?

It looks like a fossilized prehistoric silver bar!

That is pretty sexy, Tubal-cain did quite well making it.
